

## Chapter VII

In this chapter Shri Jayjeet Sarmah, Chief Coordinator of GRASSHOPPER attempted to explain how birding habit among the KNP youth could promote a profession as a Bird Watching Guide for tourists, researchers and others visiting Kaziranga National Park every year.

In our efforts to promote the habit of bird watching as an interesting hobby and pastime among the educated youth in the area, a camp was organised at Agoratoli with the help of local youth and members of jeep safari association. During season in the KNP area this exciting hobby if developed in a methodical approach might prove to be highly remunerative and rewarding part time job as a guide to avid bird lovers both Indian and foreign tourists. The camp was held on November 23, 2014

**Background:**

Kaziranga is not only famous for the one horned rhino & other mammals, it's also a birder's paradise. It is home to a wide variety of migratory birds, water birds, predators, scavengers, and game birds. With the growing number of visitors year on year, it is necessary to groom more guides who can guide the tourists & at the same time earn their livelihood. Involving the local communities in this profession will help in two ways 1) it will help them earn some money & 2) it will motivate them to protect the birds they know, which in turn will help in

conservation activities. Moreover, local organizations can absorb & appoint these people as bird watcher's guide in times to come. With the purpose of demonstrating a scientific way of identifying birds & to motivate the young generation to take up bird watching, Grasshopper has organized a one day camp at Kaziranga on 23rd of November 2014. The camp was organized with the help of Agoratoli Resort & was attended by 27 local people.

### Program Execution:

Mr. Jayjeet Sarma, Chief Program Coordinator (Honorary) of Grasshopper conducted a basic training on various topics related to birdwatching & importance of protecting them. He was wholly supported by Mrs. Shankari Chowdhury Sarma, Executive Member, Grasshopper (Honorary) Mr. Ritu Hazarika, Technical Coordinator, Grasshopper (Honorary), Mr. Priyankar Dutta, Executive Member, Grasshopper (Honorary)& Mr. Manijyoti Baruah, President, Grasshopper. The following topics were covered during the interactive session.

- *Origin of birds*
- *How does a bird fly*
- *Basic terminology of a birds body parts & their Assamese meaning*
- *Tips on identifying birds*
- *Identifying male & female birds*
- *Basic characteristics & special habits*
- *Common birds found in Kaziranga*
- *Concluding remarks - Importance of protecting birds & their role in promotion of tourism*
- *Lunch*
- Grasshopper would also like to thank Mr. Bhaskar J Baruah, Proprietor, Agoratoli resort & Mr. Ranjit Kalita, President, Kaziranga Jeep Safari Union for their support in organizing the camp.

### Impact:

It is not that Bird watching camps were not held in KNP area before GRASSHOPPER intervention. However, GRASSHOPPER's efforts could arouse the interest in the youth who were given tips on how to make it a successful part time profession. Every effort was made to make the programme appealing through visuals, films on wildlife and interesting facts and figures. Taking the cue from GRASSHOPPER several organisations/NGOs have started organising such camps in quick succession.
